38 VTR

VENTURE. TREK. ROAM.

38 VTR

The all-new 38 VTR is built for adventure—and built for you. Whether you're carving through open water, catching rays on the bow, swapping stories with the grill master, or winding down after a day well spent, this versatile vessel adapts to every moment. Dynamic layouts let you customize the experience, while bold performance, smart storage, and premium amenities keep the momentum going. Below deck, a convertible berth and full head offer a quiet space to recharge and gear up for whatever's next. Wherever you're headed, the 38 VTR is ready to chase it down.

DINETTE – When the helm seats flip to face aft, the cockpit becomes a versatile dining space—pair them with the bench and optional table to create seating for six to share meals, swap stories, and prepare for the next stretch.

SUNLOUNGE – The optional aft-facing sun lounge invites you to relax, stay connected to the action, and launch into whatever's next.

SUNLOUNGE WITH AFT CABIN – Expand your relaxation space with the optional aft cabin under the sunlounge, giving you an extra berth for your family or friends to enjoy.

AFT BENCH – From grilling to relaxing, the optional transom bench keeps you at the center. Enjoy the breeze, chat with the cook, or watch as the beach door becomes the day's launch point. With a fiberglass sink and grill option, the wet bar is ready when you are.

HELM

Feel the thrill with Twin Mercury V8 or V10 Verado engines, paired with optional joystick control for effortless, confident handling. Navigate with ease using standard 9" Simrad displays or upgrade to dual 15" Ultrawide screens for full on-water command. The Fathom e-power battery system keeps you charged quietly and efficiently, so your adventures stay uninterrupted.

TRANSOM STORAGE

At 75" long by 72" wide and 24.5" high, the transom storage compartment is a gear junkie's dream—built to handle the full lineup of your on-the-water pursuits. From paddleboards and tubes to scuba gear, fishing setups, and everything in between, there's room to bring it all. It's the ultimate launch pad for whatever you want your day on the water to be.

BOW LOUNGE

Whether you're anchored in a quiet cove or cruising towards your next destination, the bow lounge adapts to the moment. An optional table converts to a sunpad, Rockford Fosgate stereo system keeps the energy up, and there's plenty of cupholders for the ride. Add the optional foredeck shade and a Yeti cooler packed and ready, and your crew stays cool and comfortable while chasing the horizon.

STANDARD FORWARD CABIN

Slip below deck and into a quieter rhythm. The standard forward cabin features a convertible dinette that becomes a roomy berth for afternoon naps or overnight stays, all illuminated by a skylight that brings in sun, moon, and stars. With a compact optional refrigerator and a thoughtfully designed head with shower, sink, toilet, and storage, it's a comfortable hideaway whenever you need it.
