38 VTR^{EC}

38 VTR^{EC}

Adventure doesn't wait for perfect weather – and neither should you. The 38 VTR EC pairs all-weather confidence with open-air thrills, giving you the freedom to cruise your way. Enjoy the protection and panoramic views of the enclosed cockpit, then step forward to the bow lounge for sun and fresh air. Flexible seating arrangements let you host, dine, or relax exactly how you want, while performance-driven engineering, clever storage, and upscale amenities keep every journey running smoothly. Below deck, you'll find a welcoming retreat with a convertible berth and full head, making it easy to recharge before the next chapter of your adventure.

COCKPIT TABLE – When the helm seats flip to face aft, the cockpit transforms into a versatile dining space for five to share a meal, swap stories, and prepare for the next stretch.

SUNLOUNGE – The optional aft-facing sunlounge invites you to relax, stay connected to the action, and launch into whatever's next.

AFT BENCH – The optional transom bench keeps you close to the action – chat with the grill master, feel the breeze, or watch as guests dive off the beach door. With a fiberglass inlay sink and optional grill, the wet bar's ready whenever you are.

ENCLOSED COCKPIT

The enclosed cockpit is designed as your all-weather retreat—keeping you comfortable, dry, and ready for adventure without interruption. Stay cool on summer days with optional air conditioning or cozy up with heat when the temperature dips, extending your boating season in total comfort. Refreshments are always within reach thanks to the under-seat refrigerator or ice maker, while wireless charging ensures your devices stay powered. It's everything you need for effortless days on the water.

TRANSOM STORAGE

At 75" long by 72" wide and 24.5" high, the transom storage is a playground for adventure lovers. From inflatable paddleboards, wakeboards, snorkeling to scuba gear, fishing setups, and everything in between, there's room to bring it all. It's the perfect launch point for whatever adventure the day has in store.

BOW LOUNGE

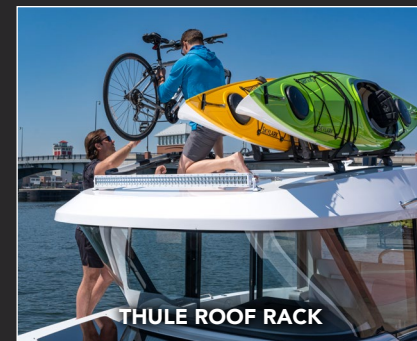

The bow lounge flexes to fit the day. An optional table converts into a sunpad, Rockford Fosgate stereo system sets the vibe, and plenty of cupholders are within reach. With the optional foredeck shade and a stocked Yeti cooler, your crew stays refreshed and ready for wherever the horizon leads.

STANDARD FORWARD CABIN

Slip below deck and into a quieter rhythm. The standard forward cabin features a convertible dinette that becomes a roomy berth for afternoon naps or overnight stays, all illuminated by a skylight that brings in sun, moon, and stars. With a compact optional refrigerator and a thoughtfully designed head with shower, sink, toilet, and storage, it's a comfortable hideaway when you need it.
